James A Garfield Elementary School
All Pre K and K Teacher Supply Lists

Dear Parents and Guardians,

Welcome to Room 18! My name is Emily Paes (pays) and it is my privilege to be your child's kindergarten teacher this year. I graduated from Hiram College in 2010, receiving a degree and licensure in Early Childhood Education. This will be my thirteenth year in the James A. Garfield School District. I had the joy of teaching Title I Reading my first year and this will be my twelfth year teaching kindergarten. I absolutely love being a kindergarten teacher! The growth kindergarteners make from the beginning of the year to the end is something that never stops amazing me. I truly am looking forward to working with both you and your child and making your child's kindergarten experience an exceptional one!

Kindergarten is such an important and exciting time in your child's life! It may be their first exposure to formal schooling. Knowing this, I have made it my goal that I strive to meet each day to ...

- Place the needs and interests of my students first
- Create a fun, nurturing yet stimulating environment where all students are engaged and challenged
- Provide a teaching style in which all lessons are developmentally appropriate and multiple learning styles are addressed to ensure the most success
- Create a child centered environment where students are not afraid to take risks or make mistakes
- Allow my students to develop a sense of responsibility, independence, self confidence, and to take pride in their work
- Develop a community of learners where students, parents and school work together to create a meaningful educational experience where each child can truly reach their full potential
- Instill a passion and love for learning in my students where they can learn and grow into being productive members of society
- Let my students know that I care about them and their accomplishments and that failure is not an option

I believe that by working together and developing a community of learners makes all the difference in a child's learning experience. I am looking forward to working with you and your child to make this a successful year. Throughout this year I will be asking for parent volunteers to help out with various activities and at class parties. At Kindergarten Orientation in August you will receive our class schedule and other important information about our classroom.

In the meantime, please keep working on the list of Kindergarten Readiness Skills and the Countdown Calendar that was sent home at the Kindergarten Parent Night. If you have any questions or concerns, please do not hesitate to contact me at epaes@jagschools.org. Have a great summer and I look forward to seeing both you and your child at Meet the Teacher Night in the fall.

Sincerely,

Emily Paes
